

ECAC holds a quarterly social gathering

ECAC holds a social gathering every quarter. On January 24, 2009, ECAC staff, Board members, and friends gathered to informally discuss how to further the organization's mission and then celebrate its accomplishments. Approximately 50 people attended the social gathering, and with traditional food and good company, a great time was held by all. Such a meeting is found to be helpful to bring new issues that need to be addressed to ECAC. ECAC invites community members to attend such social gathering.

ECAC served as a testing center for the US Census Bureau

ECAC served as a testing center for the US Census Bureau's local office in Northern Chicago. Testes were given during the weeks of Monday, January 20, 2009 and Monday, January 30, 2009. Temporary jobs will be offered to those who succeed on the testes.
